Medium - 191 ha

High - 167 ha

Very High - 364 ha

A detailed topographic map of a coastal region, likely in Scotland, showing woodland schemes and herbivore pressure. The map features a grid of 100m squares. Key geographical features include Loch Carron on the left, Loch Lomond in the center, and various smaller lochs and rivers. The map is overlaid with a grid of 100m squares. Woodland schemes are outlined in black, and a potential scheme is outlined in red. Herbivore pressure is indicated by color-coded areas: Low (green), Medium (light green), High (yellow), and Very High (red). The map also shows contour lines, roads, and other land use features. The scale is 1:25,000.
